

## Complete Wilderness Navigation Course [CWNC]

*"Being in the mountains, navigating with all the tools, the Night Navigation!"*  
— Complete Wilderness Navigation Graduate

The **Complete Wilderness Navigation Course** allows you to experience hands-on wilderness route finding, during the day and night in both forest and mountain environments. This course covers the entire content of the Wilderness Navigation Core Seminar, Wilderness Navigation Field Session, and Wilderness Navigation Mountain Session all in just 5 days. This allows you to master Wilderness Route Finding quickly and easily.

*"...the lessons are based on real practical scenarios and varied."*  
— Wilderness Navigation Mountain Session Graduate

The course teaches **topographical map interpretation, air photos interpretation, magnetic compass skills, using a GPS receiver, pace bead use, and Altimeter use**. We cover longitude and latitude, contour interpretation, advance route planning, wilderness travel skills, the MGRS and UTM grid system. Extensive compass skills will be practiced including declination, inclination, bearings, back-bearings, pacing, and resections. Emphasis throughout the course is on *practical wilderness route finding, learning topographical interpretation, and developing safe wilderness travel skills*. The course also covers, advanced GPS Receiver use, survival navigation techniques, and navigation without a compass.

*"Skills gained gave me the confidence to go out to the backcountry alone..."*  
— Complete Wilderness Navigation Graduate

The Complete Wilderness Navigation Course sessions are progressive, allowing participants to experience hands on route finding during the day and night. This one-of-a-kind course will give you the skills, confidence, and practical experience needed to travel in rough terrain. Expect to learn constantly and become confident in wilderness navigation from this innovative course. Participants will earn BWI's Navigation Certificate on successful completion of this course. This course will top off your navigation knowledge and make you a well rounded wilderness navigator, so register now.

*"Excellent location – extreme terrain really put the skills to the test."*  
— Wilderness Navigation Mountain Session Graduate
