

Wilderness Survival Summer Field Session

This course takes you beyond the *Wilderness Survival Core Seminar* allowing you to gain confidence in solid modern survival techniques that can be quickly applied in the *Montane* or *Boreal* Environments. This training gives you the chance to develop and practice summer survival skills, in has a relaxed hands-on learning atmosphere. It will allow you an excellent look at the challenges of Montane or Boreal Forest survival in summer.

Emphasis will be on useful boreal forest resources, fire lighting, shelter building, survival tools, and knifecraft. Each participant will have the opportunity to build a survival shelter, and a survival saw. Firecraft practice will be extensive and emphasize will be on lighting fire with natural tinder and a flint striker. Participants will build and then live in a solo or 2-person survival shelter for the night. The following points will be discussed and practiced on the course:

The Boreal Forest

- Trees of the Boreal Forest
- Useful plants of the Summer Forest
- Identification of Aspect / Slope
- Best Survival Camp Locations

Knifecraft

- Selection of a good Survival Knife
- Basic Knife Handling
- Construction of a Sharpening Board
- Knife Sharpening

Survival Tools

- Build a Baton
- Build a "15 Minute Saw"
- Basic Notches
- Natural Cordage
- Useful Knots

Signal Fire (Group Project)

- Signal Fire Twig Bundle
- Build a Signal Fire
