

Complete Wilderness Survival Equipment List

It is better to error on the side of taking extra gear and equipment on this course. If in doubt, you can leave the extra clothing or equipment in your vehicle or we can store it in another vehicle. **The weight that you carry will not a major factor, but you will need to walk less than 2 km to the camp in winter conditions.**

Please note that this wilderness survival course is meant to educate you and allow you to build up your skill and confidence in a casual relaxed learning environment. You will never be far from your vehicle if you need to go back for an extra piece of gear. You may be required to carry some group gear or push the sled on the trip into and out of the camp, so please try to keep your gear in one backpack.
